IF YOU ARE AN *EXISTING* MEMBER PLEASE STATE YOUR :

PREFIX : **FLOCK NUMBER:**

IF YOU ARE *NOT* A MEMBER AND IF YOUR EWES ARE APPROVED WHAT IS YOUR PROPOSED PREFIX?

1ST CHOICE : **2ND CHOICE :**

INSPECTION

All sheep to be inspected must be female and over 6 months of age. They will be inspected by an Association Inspector and will be required to be of a high standard. If accepted for registration they will be ear-tagged and known as Approved Sheep. Their progeny, if sired by a registered ram, will be eligible for full pedigree status.

Ear-tagging will be carried out by the Association's Inspector at the owner's risk. Please make sure clean water and disinfectant are available.

Fee: £25 plus £2.50 per ewe inspection fee, plus VAT at 20% must be paid in advance and sent with this application form. We will issue an invoice/receipt for this. In the case of rejection, or, if for any reason any ewes to be inspected are unavailable, the fee is non-refundable.

As of 1st September, 2012 members have been given the option of tattooing or tagging their sheep for Society identification. You will be given a Society flock number which ever option you choose.

If members wish to tattoo you will be issued with a tattoo block with your own personal number on it at a cost of £43. Other tattooing equipment is available from the Breed Society office.

If members wish to tag, the tag must include your society flock number and year letter (appropriate to the year of birth).

Please tick below which option you are choosing once your ewes have been approved.

Tattooing

Tagging

New Flocks which are approved following inspection will have their first year's subscription to the Association and the Flock Book free of charge.
